Scaffolders, staggers and riggers	Schedulers	Roofers
Construction and building inspectors	Estimators	Vehicle technicians, mechanics and electricians
Metal plate workers and riveters	Building envelope specialists	Painters and decorators
Quarry workers	Waste disposal and environmental services managers	Plasterers
Lawyers	Construction administrators	Ironworkers
Demolition contractors	Solar Photovoltaic (PV)	Environmental and conservation professionals
Cooks	Installers	Truck drivers
Pipe fitters	Health and safety officers	Steel erectors
Crane drivers	Steamfitters	Buyers and purchasing officers
Drywall installers and finishers	Insurance agents	Superintendents
Elevator installers and maintainers	Topographers	Managers and directors in transport and distribution
Equipment suppliers	Metal machining setters and setter-operators	Ceiling tile installers
Marble cutters	Formworkers	Plumbers and heating and ventilating engineers
Heavy equipment operators	Paper and wood machine operatives	Civil engineers
Maintenance contractors	Telecommunications engineers	Bricklayers
Hazardous material removers	Construction foreman	Skilled metal, electrical and electronic trades supervisors
Client	Furniture makers and other craft woodworkers	Electricians and electrical fitters
Flooring installers	Equipment operators	Construction supervisors
Insulation specialists	Glaziers	Plant and machine operatives
Gardeners	Air-conditioning and refrigeration engineers	Carpenters and joiners
Van drivers	Floorers	Quantity surveyors
Pumping technicians	Signal workers	Construction interns and apprentices
Material suppliers	Large goods vehicle drivers	Boilermakers
Polishers	Chartered surveyors	Concrete laborers/finishers
Pulverizer-mill operators	Road construction operatives	Production managers and directors in manufacturing
Welders	Masonryworkers	Elementary storage occupations
Master-driller	Transport and distribution clerks and assistants	
Site managers		
Finance officers		

AS MİMARLIK OLÇU OLARAK

Image by the Pavilion of Turkey.

An incomplete list of the people involved in building construction proposes an expanded site for architectural production that extends beyond the construction site itself, linking together a heterogeneous troupe of actors within a distributed performance.
